# Mayo's Proud Moments...

*"The radiance of the Guiding Star illumines the path towards glory."*

Honouring the pillars of society who contribute to nation-building with their distinct vision and perseverant endeavours. Acknowledging the tall figures of the millennia with a hand made portrait as a memento of reverence for their persistent efforts. Their much-acclaimed life is a perennial source of inspiration for everyone and to celebrate the same, they were presented saplings as a symbol of appreciation of their journey from scratch to summit. Their words of wisdom are like gemstones to be adorned and cherished throughout a learner's life till eternity.

# Testimonials

Inspirational words of admiration from eminent dignitaries of the society work wonders and keep the spirit of school to serve the community high. Our illustrious guests were all praises for Mayo.

## Manager

*Education is the only power to bring the change we aspire for...*

Mayo International School was an initiative taken by us long time ago to make our vision of 'Education for All' come true. The institution has been an organisation making a great difference in the field of education for the last 16 years.

As a leading institution, the school has been fulfilling all the needs of the day by being technologically empowered with time. The infrastructure of the school, our pledge to always maintain futuristic perspective and adaption of T<sup>3</sup> entangling Teachers, Technology along with Tremendous and Innovative Teaching methodology differentiates it from the other schools in vicinity.

**- CA S.P. Jalan**

(Recipient of ATAL SHIKSHA SAMMAN Award in Parliament of India)

## Principal

*Education is not a destination but a journey in itself that turns an entity into a human being which is the biggest need of the hour.*

Dear Parents,

Through this prospectus which is a glimpse of our school, we welcome you all to cherish the journey of your child's education. Ours is a unique approach to provide your child an environment which will capacitate your gem to explore himself and get developed to the extent where he may be a successful professional and an individual leaving his mark in the galaxy of success.

We wish all our students to excel in life and do their best!

**Mrs.Hembala**

(An eminent educationalist serving the nation for last 26 years,  
Recipient of Best Teacher Award by Delhi Govt.)

## Academic Incharge

*Nothing less than pinnacle must be aimed at but dreams along with humility must stay in heart for the success that is forever.*

A school's aim is to prepare students to amalgamate both traditional and modern facets so that they can cope with the contemporary world and bear their mark to make themselves distinguished in the crowd of many.

We, at Mayo, facilitate all the young buds to blossom well by nourishing and nurturing them through providing them a favourable atmosphere with our child-centric approach.

Hail to all the young birds to soar high in the sky of knowledge and joy.

**Mrs.Smita Goel**

(A teacher & leader with 20 Years of experience,  
Recipient of Best Teacher State Award by Delhi Govt.)

## Our 4 Pillars of Success....

*Strong foundation is the key to a strong building. Strength and height of a building depends on excellence of its pillars.*

Following the same and writing the stories of success, we, at Mayo, are sincerely indebted to all our pillars that have laid the foundation of the school so strongly that we have been able to achieve the vision with which we had begun 16 years ago.

# #Teachers Matter

*"We not only groom students but prune the brilliant teachers too to polish the best we have."*

It takes years to learn how to speak but life time to learn what to speak and here comes the role of a good teacher, a mentor and a guide who enables a child to differentiate between right and wrong.

For the success of an organization what matters the most is the team and we, here at Mayo, are proud to share a glimpse of our team's achievements.

# Our Teachers...Our Strength

*"Only a teacher who vows to be a persevering learner can be a true teacher."*

Breaking the dawn of school education being addressed as elementary education, Mayo never compromises with the quality of its teachers. We, here at Mayo, have always believed in providing the best to our students to never let down the faith that you have been showing in us for the last two decades.

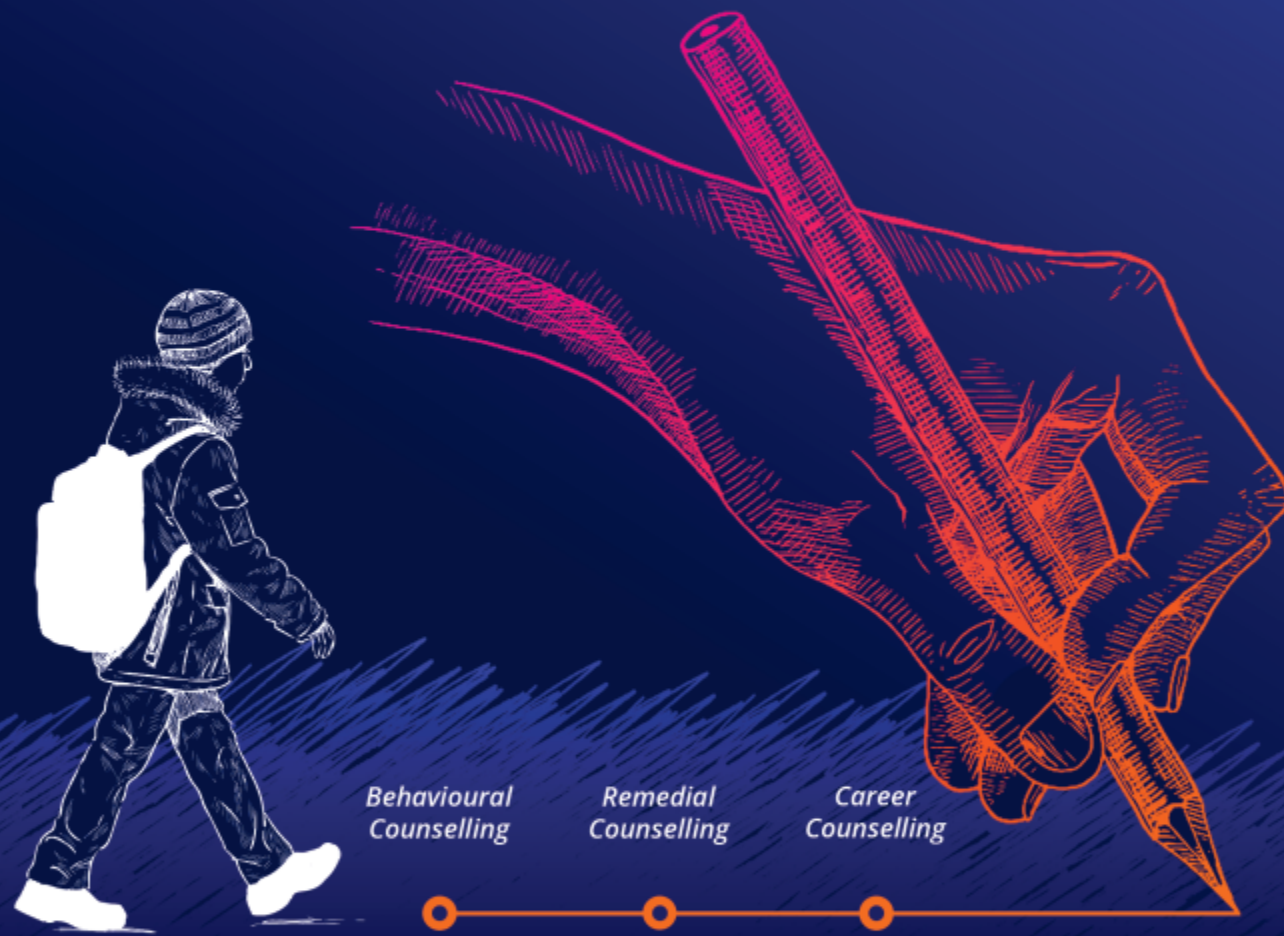

## Our Success Mantra

- ▶ Select the Best
- ▶ Enrich them
- ▶ Quality product
- ▶ Excellent Results
- ▶ Numerous Awards
- ▶ Success & glory

# Happy to Help You...

*To help someone is the biggest gift that we can give as holding someone's hand in the toughest times is something that matters the most.*

# Our Parents...Our Assets

*"Our students learn the lessons of life from the best teacher- YOU."*

We value the incorporation of our dear parents who show their faith in Mayo and hand their jewels over to us. Believing in the same we promote hand in hand association of school and parents for turning every child into an asset.

# Your Child's School Campus...

A home away from home, Mayo is a place where your child's security and growth are the utmost priorities. Well demarcated wings and their specialised co-ordinators and trusted mentors are available round the clock to cater to the needs of your child's growing years.

## Pre-primary and primary section (3-8 years)

### *Discovering the Talents...*

Our teaching methodology in Pre- Primary and Primary classes is based on the theory of EYFC (Early Years Foundation Course) which emphasizes on satiating the thirst of knowledge of a child in his early years leading to his strong foundation for future.

# Nothing but the best is selected here...

With an aim to deliver the highest quality education we select our teachers after a strict selection procedure that includes several rounds of interviews and demos under the observation of an expert panel.

Our teachers constantly work on discovering the young talents through various art integrated activities designed on MI (Multisensory Instruction) involving more than two senses of a child at the same time to reduce his reaction time thereby making him learn various topics of every subject quickly and effectively.

## Our Curriculum

Our curriculum in Pre-Primary and Primary classes is based on **MI (Multisensory Instruction)** methodology leading to enhance understanding of the students and enabling them to apply their knowledge in different challenging situations in school life and beyond.

### Learning Approaches and Pedagogy

- **Multisensory Instruction Method**
- **Maria Montessori Method**

## Learning Environment

*Nature nurtures the best...*

We provide our students the ambience that inspires them to desire, discover and learn. A few references of the above are:

- **TSSLT Sensory Method:** To develop the power of touch, sight, smell, listen, taste and react.
- **Socio-Dramatic Method:** (Role Play): To develop social and environmental awareness and animating skills.
- **Imagi-Creative Method:** (Puppet show): To develop imaginative and creative skills.
- **Do and Discover Method:** (Float and Sink): To develop scientific aptitude.
- **Listen, Act & React Method:** (Arranging Blocks, solving jig-saw): To develop fine and gross motor skills.

The above mentioned methods help students to ease anxiety and cherish what they learn.

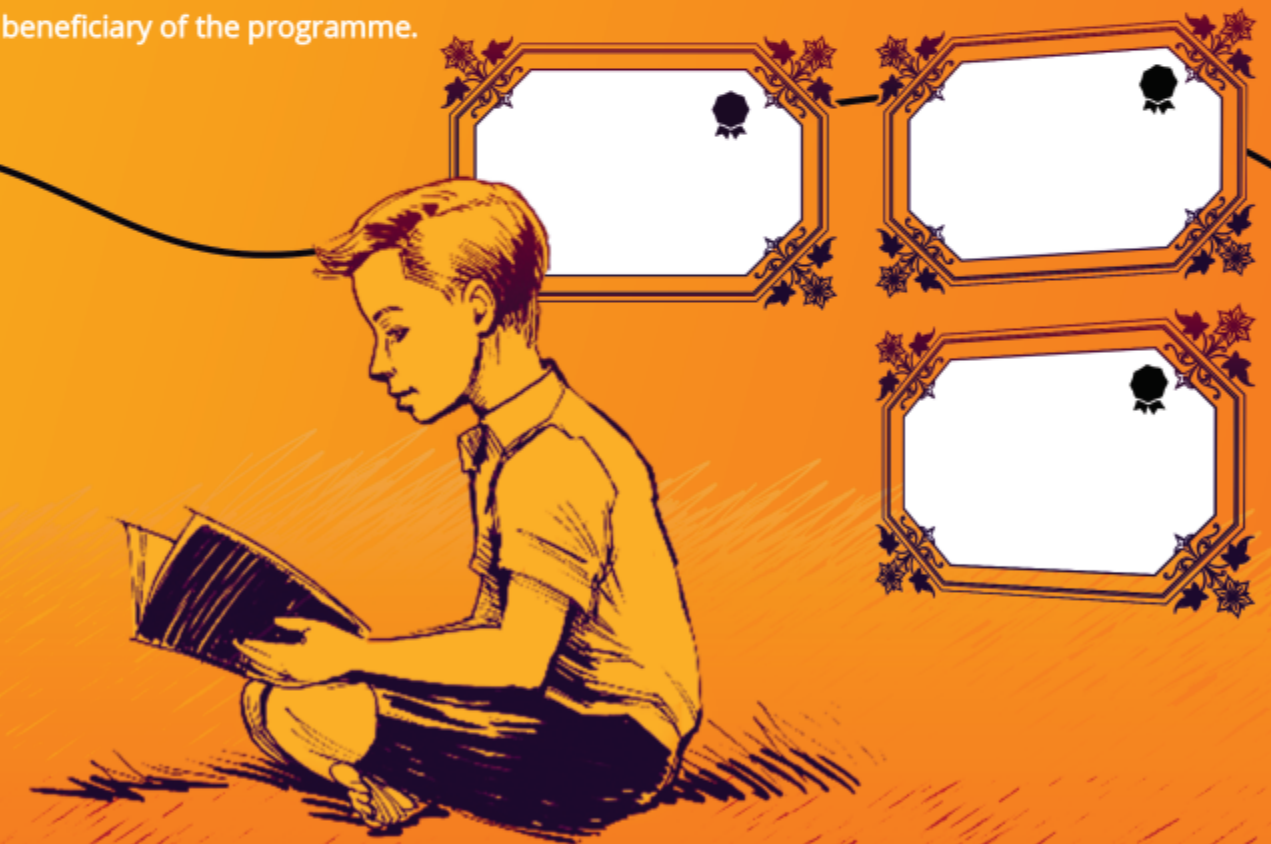

## Middle and Secondary Section (8-16 years) Grooming the talents...

Following the **UDL (Universal design for Learning)** approach we, at Mayo, offer flexible ways of learning by giving them different material and environment to groom them in to the best.

The **UDL** programme has been designed by our experts by adapting futuristic technology to cater to the needs of growing kids to enable them to be trend setters in their respective fields tomorrow.

The programme introduces the young talents to numerous co-curricular activities along with many excursions, workshops and seminars conducted for extensive learning.

The programme includes remedial classes for the below average and achiever's classes for brilliant students to ensure that every student turns out to be a beneficiary of the programme.

## Senior Secondary Section (16-18 years)

*Your child's future is our responsibility...*

The SCTE (Satiating Curiosity through Technology to achieve Excellence) method used in senior secondary section enables our students to achieve results par excellence in all their subjects.

To satisfy curiosity, inquisitiveness and aiming at excellence the approach provides your child an atmosphere to pursue individual interests and focus on their eventual career choices.

To give them a glimpse of professional world, visits to various companies are arranged for the students so that they may have the first hand experience of working environment . For widening the horizon of their learning and enabling them to make right career choice, various clubs are arranged to give our students the intern experience. The school follows All India Secondary School Examination (AISSE) pattern conducted by CBSE.

# New parameters of Child Safety...

Keeping the contemporary scenario in mind, we have taken strict measures of child safety including restricted entry of the outsiders into school premises, 24\*7 CCTV surveillance, and bus tracking system through mobile app and ensuring the presence of female attendants in the junior classes and buses providing your ward a secure and healthy environment to grow.

## Safe premises and Transprotation

# 'The GuruTECH'

## Mayo: A futuristic school

*The deeper the roots, the higher the flight.*

Thank you for the faith you have been showing in us for decades!

Taking the onus of the same and making a blend of ancient tradition of discipline and humility taught in GURUKULS and ever evolving contemporary TECHNOLOGY, we, at Mayo, build tomorrow's tech-savvy global citizens, representing their culture and legacy to develop them as assets to their families and society.

## T<sup>3</sup> : The key of our success

*Success is not an achievement to be celebrated but a responsibility to discover the silver line alive even in the darkest cloud.*

To prune the diamonds that always remain latent and hidden if not polished, we, at Mayo, believe in the concept of **T<sup>3</sup>: Teacher, Technology** along with tremendous innovative **Teaching Methodology**.

The carefully selected professional academicians including IITians and CAs enriched with progressive teaching methods and advanced technology related to their subjects have been yielding phenomenal results not only in boards but also in numerous prestigious entrance exams as IIT and CPT.

# Our Gems...Our Pride

*Legends do not speak for themselves, their acts do.*

We firmly believe that winners don't do different things, they do the things differently. Our innovative teaching methodology, which makes us stand apart, has been yielding tremendous results through years assisting our students to soar high.

# Unique Learning Environment

## 21st century Learning

Catering to the needs of time we provide exposure to the contemporary world, its financial needs, entrepreneurship and social, civic, health and environment literacy to our students in addition to subjects like English, Hindi, Maths, Science etc. Our primary education is based on **EYFC (Early Years Foundation Course)** and **MI (Multisensory Instruction)** methodology, in middle **UDL (Universal design for Learning)** approach is taken up while in secondary and senior secondary **SCTE (Satiating Curiosity through Technology to achieve Excellence)** methodology of teaching is followed.

## Smart Board Classrooms

To enhance the quality of teaching and learning, all the classrooms are equipped with Audio-Visual aids. The presence of smart boards in classrooms makes learning convenient, long lasting and interesting turning it to be an experience of lifetime.

## 1:1 Student Computer Ratio

Opening the gate of immense possibilities technology has been the most prominent tool for tomorrow's success. We offer one of the biggest computer labs in East Delhi providing one computer per student enabled with advanced technology and high speed internet.

## Foreign Language Classes

Creating global citizens of tomorrow and understanding the importance of learning foreign languages to equip its students with more tools to withstand the pressure of professional world we have started with French along with the already existing Sanskrit as the third language option.

## Well equipped labs

Learning sciences through practical leaves indelible imprints on young minds and making this knowledge pleasurable is something that our well equipped labs do. We have advanced Chemistry, Physics, Maths and Social Science labs to satiate the thirst of our curious minds.

## Robotics Lab

Walking hand in hand with changing times and bringing advanced technology down to everyday level, we have a robotics lab, now equipped with 3d printer, which helps to demystify complex technology of robots and also makes programming a less abstract endeavour for our students. It helps develop the knowledge of our students through creation, design, assembly and operation of robots thereby helping them learn instantly from their mistakes.

## Medical Room

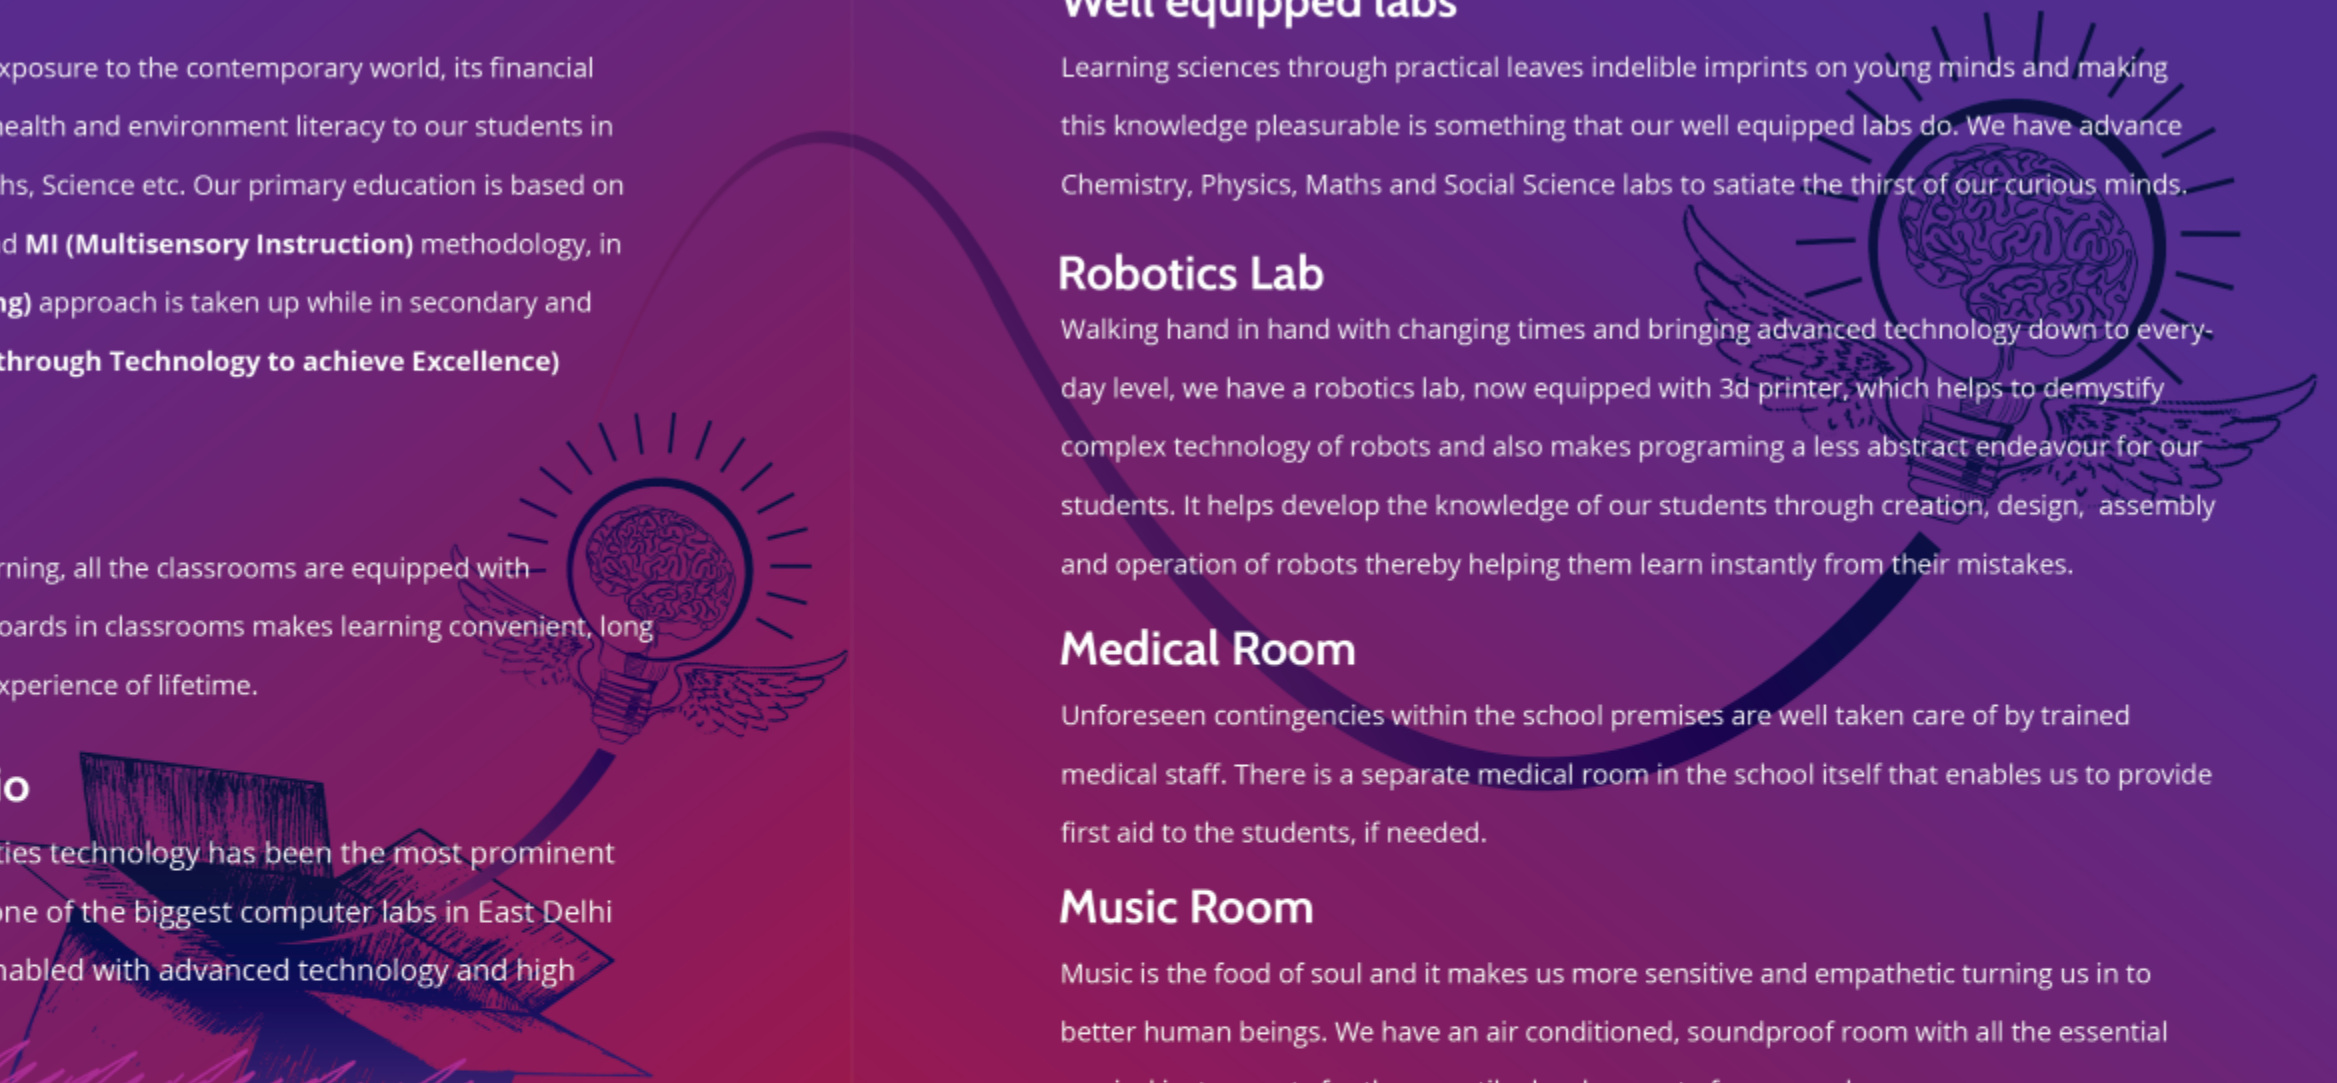

Unforeseen contingencies within the school premises are well taken care of by trained medical staff. There is a separate medical room in the school itself that enables us to provide first aid to the students, if needed.

## Music Room

Music is the food of soul and it makes us more sensitive and empathetic turning us into better human beings. We have an air conditioned, soundproof room with all the essential musical instruments for the versatile development of your ward.

## Art Room

Believing that art is an expression of life, we have a separate art room with specialised and talented professionals under whose guidance your child may deliver his best artistic expression.

# Fun & Learn...Hand in Hand

*"All work and no play makes Jack a dull boy."*

We are the responsible trustees for the overall development of the millennials. We, at Mayo, understands the importance of fun while learning and therefore offer a diverse pool of cultural, physical, traditional, patriotic, social awareness and zonal activities. After all, a healthy mind resides in a healthy body.

# Our Development Cycle

## Green School

The school building, while providing a healthy environment is itself an interactive teaching tool. Children will experience, learn and themselves practise eco-friendly methods.

## Teachers

Teachers are respected not for their authority but for their ability to facilitate learning. They maintain an open channel of communication and a vibrant rapport with children.

## Safety

Children's safety is paramount at Mayo. All Buildings are Earthquake Zone-3 Resistant. Entry, Exit and all Campus areas are monitored through CCTV cameras.

## Students

Students are taught how to learn, how to think, how to make decisions, how to assume leadership roles, how to apply knowledge and how to celebrate life. Above all, a school exists for its students.

## Parent

Mayo views the parent as an invaluable ally and engages in constant interaction with them not only to share progress reports but also to share philosophy and vision of the school.

## Campus

Spread Over 1 acre, Mayo's Campus in Delhi is modern, vibrant, green and welcoming. Open yet secure, warm yet adventurous, it is designed to aid qualitative delivery of the school's curriculum and culture.

## Nutrition

Mayo insists that its parents shun fast food and opt for nutritious and balanced food while packing their wards' tiffins as it believes that health, which is a prerequisite for quality education, goes hand in hand with nourishment.

## Curriculum

A holistic and progressive curriculum developed in conjunction with experts combining the best form Indian as well as international practices.

## Technology

Children of today are constantly being exposed to technology in myriad forms on a daily basis. At Mayo, 'Learning about technology' and 'Learning with Technology', both are an integral part of the curriculum.

## Assessment

Continuous, comprehensive assessment at Mayo will motivate children to constantly do better and aim higher.

## Sports

State-of-art outdoor and indoor facilities supplemented by a well structured participative programme, self-motivates children at an early age, to adopt and enjoy the adrenalin associated with sports.

## Co-Curricular

Collaborative engagement with art, music, dance theatre and culture is a fundamental part of Mayo's curriculum.
